Final Version due	April 25, 1999

The 7$^{\text{th}}$ Annual European Symposium on Algorithms (ESA '99) will be held in Prague, Czech Republic, **July 16–18, 1999**. The Symposium covers research in the *use, design, and analysis of efficient algorithms and data structures* as it is carried out in computer science, discrete applied mathematics and mathematical programming. Papers are solicited describing original results in *all areas of algorithmic research*, including but not limited to: Approximation Algorithms; Combinatorial Optimization; Computational Biology; Computational Geometry; Databases and Information Retrieval; Graph and Network Algorithms; Machine Learning; Number Theory and Computer Algebra; On-line Algorithms; Pattern Matching and Data Compression; Symbolic Computation. The algorithms may be sequential, distributed or parallel, and they should be analyzed either mathematically or by rigorous computational experiments. Submissions that report on experimental and applied research are especially encouraged.

Submissions: Authors are invited to submit an extended abstract or full draft paper of at most 10 pages, including fax number and e-mail address, to arrive by **January 17, 1999**. For hard copy submissions mail 22 copies to

Jaroslav Nešetřil – ESA '99
KAM – DIMATIA
Malostranské nám. 25
CZ-11800 Praha 1
Czech Republic

Alternatively (and preferably), **a standard postscript** version of the manuscript may be sent to `esa99pro@kam.ms.mff.cuni.cz`. The e-mail message should have following format:

`Author:` ... name of the author ...
`Title:` ... the title of the paper ...
`Abstract:` ... short abstract 2-3 sentences ...
`%!PS` ... the Postscript file of ext. abstract or draft version ...

Notification of acceptance will follow by **March 28, 1999** via e-mail. Accepted papers will be published in the proceedings of the Symposium, which will appear in the series Lecture Notes in Computer Science of Springer-Verlag. The camera-ready copy is due before **April 25, 1999**. All participants will receive a copy of the proceedings as part of their registration.

Further Information: The Symposium will be held in Prague area. There will be a reduced conference fee for full-time students. Note that the conference immediately follows ICALP '99, which will be held in Prague, July 11-15, 1999.

All questions should be mailed to `esa98@kam.ms.mff.cuni.cz` or to the conference chair J. Nešetřil, `nesetril@kam.ms.mff.cuni.cz`, fax: +420-2-57320726, phone: +420-2-21914230. Additional information may be found through World-Wide Web at:
